MESSAGE FROM PASTOR GEORGE MATTHEW CLASH

The Crossing School of Supernatural Ministry has been birthed in response to the many prophetic words spoken over our church, that we are to be a training center for spiritual leadership. We believe the *Crossing School of Supernatural ministry* is a place where transformational leaders will be raised up to make a great impact in the places God is calling them to serve and work.

Our goal through *CSSM* is not to only provide a greater knowledge base of scripture but for students to be equipped with practical ministry skills. Students will receive quality biblical content through our course work, hands-on ministry experience, and empowerment to step into their God-given calling. God has called The Crossing to be an equipping center where disciples of excellence are released to do greater works for the kingdom. *CSSM* is another way we are being faithful to fulfill this mission.

If you are serious in your walk with God and your desire is for wholehearted service to Christ, then prayerfully consider signing up for *CSSM*.

WHAT IS CSSM?

The Crossing School of Supernatural Ministry (CSSM) is in partnership with Missio Global School of Ministry and Summit Bible College to offer an exciting program for ministry training. The students participating in *CSSM* have the opportunity to pursue an advanced degree in theology after going through our three-year program.

First, they can complete the standard program and receive a diploma from *CSSM*/Missio Global. This program includes a one-year basic option and a three-year diploma of ministry.

Second, a student can choose the "Degree Version" of the *CSSM*/Missio program. A student can choose the Associate's Degree option or a Bachelors Degree option, which are approved through Summit Bible College.

If you already have a Bachelor's or Master's Degree and desire an advanced degree in ministry, *CSSM* third-year graduates are eligible to enter a Master's or Doctoral program at Summit Bible College, upon the approval of the college, with reduced course requirements.

CSSM VISION AND MISSION

The Crossing School of Supernatural Ministry exists to train leaders who will powerfully and effectively minister in their God-given gifts and calling. Based at The Crossing and supported by The Crossing leadership, we follow the model of Jesus who trained and sent His twelve into the mission field. Our school exists to train leaders:

- To serve in our local church as ministry leaders
- To have an effective Christian witness & kingdom influence where God has called them
- To be sent out as church planters
- To serve as pastors and church staff members
- To be sent out from our church as home-based and international missionaries
